

City of Hutto, Texas
Capital Improvement Program - Transportation

Farley/Taylor Street Corridor

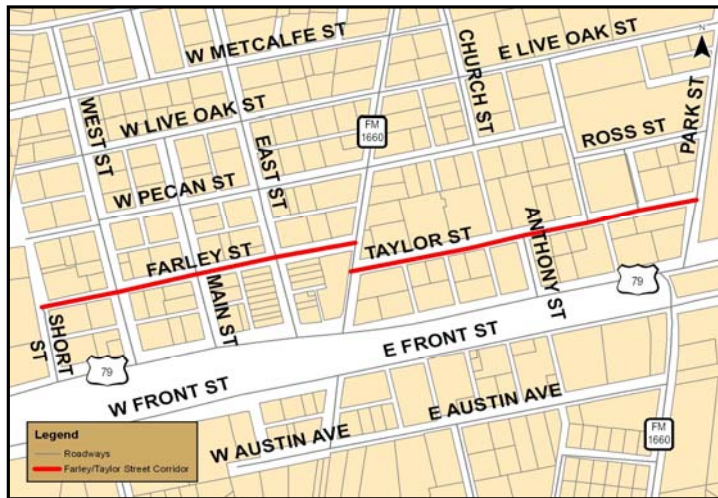

Responsible Department: Public Works **CIP No.** 60-040-121

Financial Plan (thousands of dollars) :

	Prior Years	Projected					Future	Total
		11	12	13	14	15		
	240	1,284	-	-	1,179	-	-	2,703

Description :

The Farley Corridor Infrastructure Improvements project is critical for the proper development of the Heart of Hutto plan, the community and for the business owners of downtown. Completion is desired by 2011. The project is the key project to tie three districts together. The project consists of two phases and encompasses street, sidewalk, drainage, lighting, streetscaping, water and wastewater improvements parking and underground "dry" utilities. Phase I of the project will reconstruct Farley Street from Short Street to FM 1660. Phase II will construct Taylor Street from FM 1660 to Park Street and a roundabout at the intersection of Farley/Taylor and FM 1660.

Estimated Project Cost (000's):

Design	240
Construction:	-
Other	-
Total	240

Phase	Schedule	%
Right-of-way		90%
Design:		50%
Bid:		0%
Construction:		0%

Funding:

General Fund	-
General Obligation	2,463
Other	-
Total	2,463

Operational Impact

Personnel	-
Supplies & Materials	-
Repair & Maint.	-
Capital & Other	-
Total	-

Notes:

The project was approved in the 2009 Bond Election and is currently being designed using funds available from the Carl Stern Blvd extension project that is delayed.
